# Background

CASCADE undertook an in depth qualitative study into the educational experiences and opinions, attainment, achievement and aspirations of children and young people who are looked after in Wales commissioned by the Welsh Government.

Objective 1: Conduct an in depth qualitative research study with looked after children and young people, to provide insight into their experience of education and their opinions on what could be done to improve it

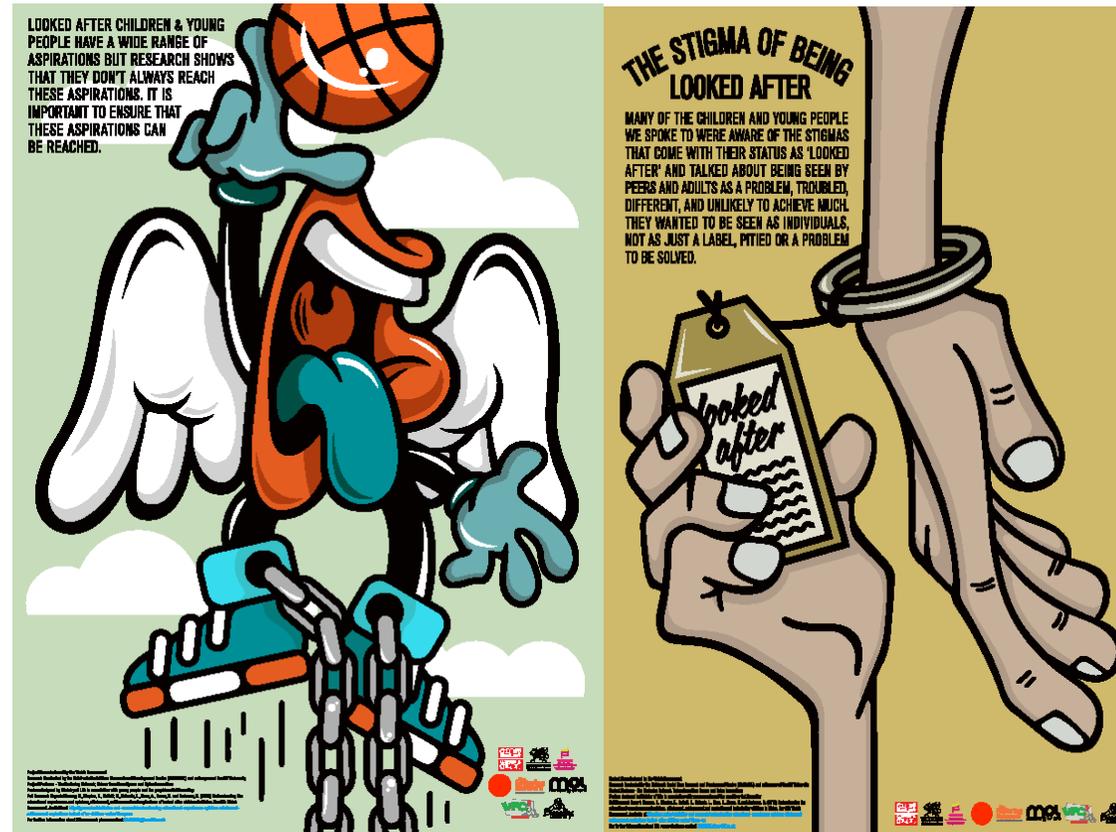

Objective 2: Collate and report relevant literature and data

Project Partners – The Fostering Network, Voices from Care Cymru, Spice Innovate Music and Art Extension Project – Ministry of Life
